18th March 1994

I'm delighted to write a few words to introduce the second edition of Christ Church Directory. It is some years since the first edition appeared and I can testify to its usefulness to me personally. My capacity to remember names and faces has not improved with the years but my failures in this regard would be even greater were it not for that volume.

In four years there have been many changes in the congregation as well as in the ministers who serve it and this new book should help us all to recognise one another, to get to know one another and to form a close bond of fellowship.

For we are meant to be a fellowship, a company with a shared purpose in the worship and service of God and a desire together to build up God's kingdom and to make the life of the community in which we live more full reflective of God's will.

Please use this directory with its pictures of our activities as well as individual families to help with that. If we are to fulfil God's purpose for us we need to share our faith with one another and with our young people. Sharing in worship week by week is at the centre of that but the activities recorded in the early pages can also contribute and I know that all the groups shown will make you warmly welcome.

Joyce and I have begun to settle amongst you and look forward to getting to know you all better in years to come. We have found the welcome of Bermuda in general and Christ Church in particular to be very warm and are happy to be working with you. We hope that this is true for all who come to worship at Christ Church.

A handwritten signature in black ink that reads "Henry A. Shepherd". The signature is written in a cursive, flowing style.

Minister.
